The Essence of Contemporary
Mediterranean Living

ONIA HILLS RESORT & RESIDENCES

The Essence of Contemporary Mediterranean Living

We are proud to present **Onia Hills Resort**, an exceptional project by **Belmont Developments**, known for creating luxurious and innovative real estate concepts across Europe. This exclusive resort combines modern architecture, elegant design, and unmatched amenities to deliver a unique lifestyle experience for both homeowners and travelers. Located in the serene and picturesque village of **Reževići**, **Onia Hills** offers a perfect blend of tranquility and connectivity, making it a prime choice for those seeking luxury and convenience on the *Adriatic coast*. The resort's thoughtfully designed residences and world-class hotel cater to the most sophisticated tastes, redefining the standards of contemporary *Mediterranean living*. **Belmont Developments** has carefully curated every detail of this project to ensure the highest quality of construction and finish. From the choice of premium materials to the integration of smart technologies, **Onia Hills** represents a seamless harmony of comfort, style, and innovation. Whether you are looking for a dream vacation home, a sound investment, or a luxurious retreat, **Onia Hills** offers everything you need and more. With its professional property and rental management services, breathtaking surroundings, and exceptional amenities, **Onia Hills** is more than a destination – it's a way of life.

FACADE

Kerlite by Cotto d'Este & Stilby

The façade of **Onia Hills** is elegantly finished with **Kerlite** cladding by *Cotto d'Este*, offering a unique combination of style and functionality. Known for its natural wood-like appearance and superior weather resistance, the **Kerlite** panels enhance both the aesthetic appeal and durability of the building. All white elements on the façade are supplied by **Stilby**, providing a modern contrast to the rich textures of the cladding.

Kerlite panels are designed with advanced technology to ensure excellent thermal insulation and high performance in various weather conditions. The material offers long-lasting protection against environmental factors like UV radiation, rain, and temperature fluctuations. The ventilated façade system promotes natural airflow, preventing moisture buildup and enhancing the building's energy efficiency. The low-maintenance system retains its luxurious look, beautifully complementing the Mediterranean landscape and offering an unparalleled visual experience.

JOINERY (Windows and Doors)

VEKA Motion 82 systems

The windows and doors at **Onia Hills** are equipped with **VEKA Motion 82 systems**, a premium solution that delivers outstanding thermal efficiency, sound insulation, and durability. These sliding systems are designed for effortless operation and a sleek, modern appearance, complementing the resort's elegant aesthetic. With advanced engineering and robust materials, **VEKA Motion 82** ensures a perfect balance of functionality and luxury, offering homeowners superior comfort and performance in all weather conditions.

For you to create

E EGGER

CERAMIC

Florim Group

When it comes to floor and wall ceramics, we trust **Florim Group**, an Italian company with a sixty-year tradition. **Florim** is known for its high-quality products, top design, and social responsibility, offering a wide range of tiles and slabs for residential, commercial, and outdoor applications. With **Florim**, you can create a unique and timeless space that reflects your personality and style while enjoying the benefits of advanced technology, eco-friendliness, and durability.

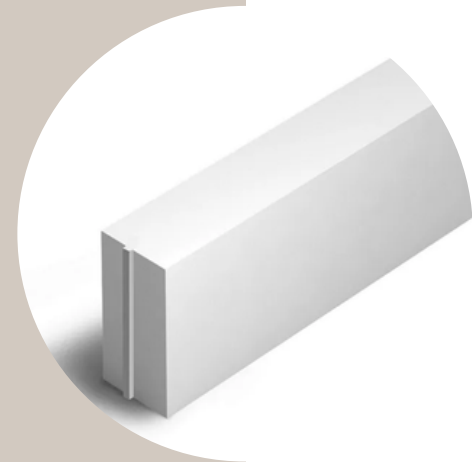

FLOOR

Tarkett

When it comes to the floor coverings in our apartments, we rely on **Tarkett**, a world leader in innovative solutions for floors and sports fields. **Tarkett** offers a wide range of high-quality products, including parquet, laminate, LVT, carpets, rugs, textile panels, and vinyl, all designed to meet design and functionality requirements. For our apartments, we have carefully chosen **Tarkett's LVT** system due to its exceptional durability, low maintenance, and versatility, making it the best option for our clients. With **Tarkett's LVT**, we have selected a wide range of colors, patterns, and textures that create a comfortable, safe, and beautiful environment that perfectly suits our apartments' design and enhances our clients' living experience.

PARTITION WALLS

Xella

At **Onia Hills**, we prioritize comfort and privacy for our residents. That's why we use *Silka* blocks, a brand within the **Xella Group**, as partition walls between apartments and private and public spaces. With excellent sound insulation, strength, and load-bearing capacity, *Silka* blocks provide maximum comfort and privacy for your home or office.

When installed in combination with gypsum linings on the outside and inside, *Silka* blocks can achieve exceptional sound insulation, up to 70 decibels. And, *Silka* blocks are made of natural materials that reduce energy consumption and CO2 emissions, making them a sustainable and eco-friendly choice.

Our commitment to quality and sustainability extends to every aspect of our projects, and *Silka* blocks are no exception. Trust Onia to deliver a comfortable, private, and sustainable living space with the help of *Silka* blocks from **Xella Group**.

AIR CONDITIONING

Samsung

At **Onia Hills**, we understand that air conditioning plays a crucial role in creating a comfortable and healthy living environment. That's why we offer the *Wind-Free™* system, powered by the renowned **Samsung** brand. With its innovative *WindFree™* technology, this system evenly distributes fresh air throughout the room without creating an unpleasant flow of cold air. By using thousands of micro holes, the *WindFree™* mode carefully spreads the air and creates the so-called "still air," providing superior comfort and a pleasant, fresh atmosphere that gives you a magnificent feeling of comfort both day and night. In addition to air conditioning, **Samsung** is also present on the project in the form of TV receivers, in which it dominates the market.

SAMSUNG Wind-Free™

APPLIANCES

Bosch & Samsung

At **Onia Hills**, we partner with **Bosch** and **Samsung** to bring you the latest and most innovative technology for your home. **Bosch** offers a wide range of home appliances, from smart refrigerators and washing machines to state-of-the-art ovens and dishwashers, designed to meet the highest standards of performance, efficiency, and sustainability.

Samsung, on the other hand, offers advanced home entertainment technology, including stunning 4K and 8K TVs and immersive sound systems.

With their sleek and modern design, both **Bosch** and **Samsung** products not only enhance the aesthetics of your home but also provide superior functionality and convenience.

ONIA HILLS RESORT & RESIDENCES
